

**UNIVERSITY OF
CAMBRIDGE**
Department of Zoology

Hanne and Torkel Weis-Fogh Fund

The Managers of the Hanne and Torkel Weis-Fogh Trust Fund would like to invite applications for grants of up to £2,000 for the following;

- (a) to promote research in the fields of zoology and zoophysiology;
- (b) to promote exchange of those engaged in research (including students) between those at the University of Aarhus and/or University of Copenhagen, Denmark and those in the Department of Zoology at the University of Cambridge;
- (c) to assist students in any of the above named Universities who wish to conduct research in zoology or zoophysiology. The funds will not normally be used to support graduate students in their final year.

Applications (CV, brief research proposal with details of funds requested, two references) should be submitted to the Departmental Administrator, Department of Zoology, Downing Street, Cambridge, CB2 3EJ; jj280@cam.ac.uk

This fund has been established in the memory of the distinguished scientific work of Professor Torkel Weis-Fogh in the fields of Zoology and Zoophysiology in Denmark and in England.

Its object is to further research in the fields of Zoology and Zoophysiology, at the Departments of Zoology and Zoophysiology of the Universities of Copenhagen and Aarhus in Denmark and at the Department of Zoology of this University, so as to improve the sum of communicable knowledge in those fields.

Grants are typically made for a specific piece of equipment, or to provide travel and living expenses of a few months. It should also be noted that it is the policy of the Managers:

- a) not to support expeditions;
- b) not normally to support graduate research costs (field or laboratory) which could reasonably be expected to have been costed and obtained at the start of the research project; and
- c) not normally to award funds for assessed work at undergraduate level.

Closing date for applications 1 December 2009 and 15 April 2010
